Americans for Prosperity Applauds State House Candidate Doug Driesel -Signs No Climate Tax Pledge-

ROGERS—The Arkansas chapter of the grassroots free market group Americans for Prosperity (AFP-AR) today applauded State House candidate Doug Driesel (61st District) for signing the group's No Climate Tax pledge. Driesel joins more than [725 bipartisan lawmakers and candidates](#) on the federal, state and local levels pledging to **“oppose legislation relating to climate change that includes a net increase in government revenue.”**

“The one thing elected officials should be able to agree on is that global warming shouldn't be used as an excuse to hike taxes on citizens and businesses,” said AFP Vice President of State Operations Teresa Oelke. “We encourage all of Arkansas' elected officials and candidates for elected office to sign the pledge.”

Arkansas signers include: U.S. Senator John Boozman; U.S. House Representatives Rick Crawford, Tim Griffin, and Steve Womack; as well as numerous state lawmakers and candidates for state office.

Today we are seeing new costly energy requirements coming out of Washington that are saddling Americans with higher electricity bills. The President has made no secret that he will use whatever tools necessary- including bypassing the legislative process- to pass costly regulations and punitive measures like a carbon tax that threaten to kill jobs and bankrupt businesses. The U.S. energy sector has never been more productive in delivering affordable energy than it is today and yet the President and allies are determined to stop it. Independent analysis shows that a carbon tax would amount to the largest tax increase in American history. This is not what America needs as its citizens continue to struggle to make ends meet in the down economy.

“Using the guise of climate change to transfer dollars from hard-working citizens to bureaucratic big government is unacceptable,” said Oelke. “Regardless of their stance on global warming, this should be common ground for all of our elected officials at all levels of government.”

The pledge is available online at www.NoClimateTax.com. AFP does not endorse candidates. All elected officials and candidates are encouraged to sign the pledge and go on the record in opposition to using the climate change issue to increase taxes and grow the size of government.

Americans for Prosperity (AFP) is a nationwide organization of citizen-leaders committed to advancing every individual's right to economic freedom and opportunity. AFP believes reducing the size and intrusiveness of government is the best way to promote individual productivity and prosperity for all Americans. AFP educates and engages citizens to support restraining state and federal government growth and returning government to its constitutional limits. AFP is more than 1.5 million activists strong, with activists in all 50 states. AFP has 31 state chapters and affiliates. More than 70,000 Americans in all 50 states have made a financial contribution to AFP or AFP Foundation. For more information, visit www.americansforprosperity.org

Americans for Prosperity does not support or oppose candidates for public office.
